# About Us

Naapbooks Limited (NBL) is a company **listed** on the **Bombay Stock Exchange (BSE)** and is also a registered start-up under the Government of India's Startup India initiative with certificate number DIPP4092. The company specializes in developing and providing Information Technology solutions to corporates. NBL offers a range of products and services, including **Fintech App, Cloud Consulting, Block chain App, Mobile App, Web App, and Embedded App** to its clients. The company's services include designing, developing, operating, installing, analyzing, maintaining, converting, porting, debugging, coding, and programming software for computer and microprocessor-based devices.

NBL is committed to maintaining the **highest standards** in its service quality and adheres to all necessary regulatory specifications. The company is **customer-centric and people-focused,** following ethical business practices and corporate governance standards.

NBL has received **ISO 9001-2015 & ISO 27001-2018** certification and has been appraised with **CMMI 3 certification,** indicating a strong commitment to quality and process improvement. These certifications demonstrate the company's ability to consistently deliver high-quality products and services to its clients.

As a listed company, **NBL** is **subject to regulatory requirements and is accountable** to its shareholders. The company's registration as a start-up under the Startup India initiative indicates its **commitment to innovation and growth** in the IT sector. Overall, Naapbooks Limited is a well-established IT company with a strong reputation for **quality and ethical business practices.**
