

SECURE ONLINE VOTING PLATFORM

A Secured Ecosystem for **State and Tourism**
under **SMART CITY** Initiative

eVoting Feature

Remote Voting

With technology, it is easy to vote in a secure environment from anywhere at your convenience using your laptop or on your smartphone.

Real Time Results

No physical vote count is required and without any manual intervention results are displayed as soon as the voting is complete.

OTP Verification

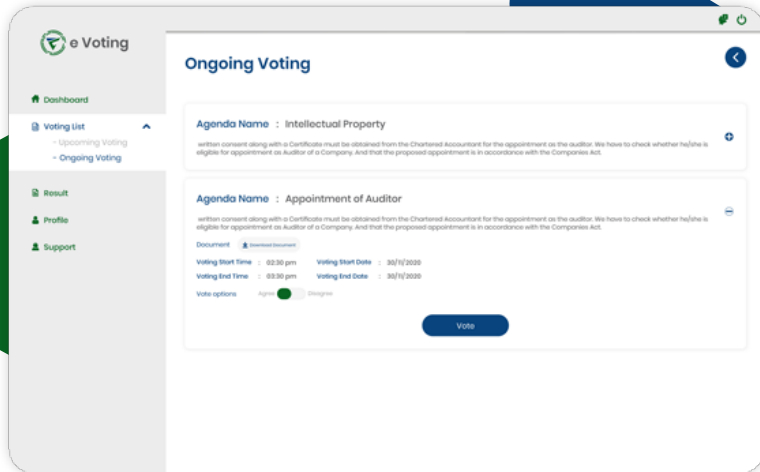

Using registered mobile number as unique ID, an OTP is sent on every login. This helps us to authenticate the user identity.

Secured eVoting for IRPs

It is made mandatory by The Insolvency and Bankruptcy Board of India (IBBI) that Insolvency Professionals (Interim Resolution Professionals (IRPs) / Resolution Professionals (RPs) / Authorized Representatives (AR)) should give option of eVoting to creditors in case of Insolvency or Bankruptcy under National Company Law Tribunal (NCLT).

- Weighted Percentage of Votes
- Intimation and Reminder to Vote
- Receipt of Vote to the Members

Perfect Solution for Professionals & Corporates

Why eVoting on?

Our aim is to provide safe, secure and easy to use eVoting Platform to professionals and members involved in day to day corporate affairs.
